TO THE HONOURABLE W. EARL ROWE, P.C.,

*Lieutenant-Governor of the Province of Ontario*

MAY IT PLEASE YOUR HONOUR:

The undersigned begs respectfully to present to Your Honour the Annual Report of The Inspector of Legal Offices for the year ending 31st December, 1966.

A. A. WISHART,  
*Attorney General.*

Toronto, March 15th, 1966.

REPORT  
of the  
INSPECTOR OF LEGAL OFFICES  
ONTARIO: 1966

---

Parliament Buildings,  
Toronto 2, Ontario.

The Honourable A. A. Wishart, Q.C.,  
Minister of Justice and  
Attorney General, Province of Ontario,  
Parliament Buildings, Toronto 2.

SIR:

I have the honour to present to you my Report as Inspector of Legal Offices for the year ending December 31st, 1966.

Progress can again be reported in buildings during the past year. The new court house in Metropolitan Toronto was officially opened in September, 1966. The new registry office in Haileybury, the extension to the court house in Walkerton and extensive renovations in the Kingston court house were also completed. The new court house in Brampton will be completed the end of March of this year and will be officially opened in June. In Bracebridge the alterations to the present court house and the new addition will be completed in May, the alterations to the court house and registry office in Cochrane in April and the interior alterations and renovations are continuing in the court house at Sault Ste. Marie. The alterations and additions at Gore Bay have been approved and tenders have been invited. An extension to the court house at Kenora and renovations to the present building have been approved and draft plans are being prepared.

The associations in all our groups have again been most active and have held instructive meetings both at the zone and provincial levels. Work is continuing on the County Court Clerks' Procedure Manual and the Sheriffs' Procedure Manual.

The following is a list of officers of the various associations for the coming year:

During the past year new accounting systems were introduced in the offices of sheriffs, county court clerks and magistrates with a minimum of difficulty. These systems, together with the block tariffs of fees in the county court and surrogate fields have lightened the load considerably in these offices. The block tariffs of fees appear to have been extremely well received by the profession and the public. The new short forms have also been well received although some difficulty is still being experienced in the court reporting field where all work is now on short paper, single-spaced. For the Court

of Appeal transcripts are prepared on masters and the required number of copies is being produced on an offset press. I feel that in a short while the difficulties we are experiencing in this area will be resolved. Flat filing which has been introduced in a number of offices is proving most efficient and is a great space saver.

The case load in the magistrates courts and the juvenile courts increased substantially during the year and additional appointments to the magisterial bench were made to cope with the increased volume. As at December 31st there were 109 active magistrates and deputy magistrates and additional appointments will be required throughout the coming year, particularly in view of the introduction of the Legal Aid program.

The number of auditors under the direction of Mr. K. H. Parfitt, Comptroller and Chief Accountant, was increased substantially and most of the outside offices were audited during the past year. More time had to be devoted to these audits in view of the introduction of new accounting systems and some difficulties were encountered in certain areas. I feel personally that the accounting control has shown a marked improvement.

Revenues due to the amended tariffs of fees which took effect on September 1st and the increased volume of work in certain areas rose substantially. Increases in magistrates' fines and fees amounted to 24% over 1965 and land transfer tax 25%.

### ONTARIO: 1967

Parliament Buildings,  
Toronto 2, Ontario.

The Honourable A. A. Wishart, Q.C.,  
Minister of Justice and  
Attorney General, Province of Ontario,  
Parliament Buildings, Toronto 2.

IR:

I have the honour to present to you my Report as Inspector of Legal Offices for the year ending December 31st, 1967.

Implementation of the central registry system as required by The Personal Property Security Act, 1967, is proceeding on schedule. Mr. T. M. Rundle, a solicitor on my staff and Mr. M. L. Sterne, an Automated Data Processing Specialist on the staff of the Treasury Board, are engaged full time in this endeavour. In addition to frequent meetings with County and District Court clerks and their staffs, they are working closely with the business community through a representative group of major credit grantors. Informal meetings are held from time to time and ideas are discussed as to how the system and the prescribed forms might best be designed to meet the needs of the business community. It is anticipated that the year 1968 will be devoted to this most important aspect of implementation. When a final decision has been reached concerning the type of equipment to be used, the design of the system and the design of the prescribed forms, then the transitional period during which the required build up of the three-year bank of information will be commenced. The anticipated date for the introduction of the system will be January 1st, 1972. Studies to date indicate that some amendments will be required to The Personal Property Security Act, 1967, as more and more members of the business community become increasingly aware of the Act and study its applications with reference to the application to their particular business undertakings.

With the rapid development of the Legal Aid program more court time is required in the Magistrates' Court area. As at December 31st, 1966, there were 109 active Magistrates and Deputy Magistrates. This figure increased to 114 on December 31st, 1967, and further appointments are being considered to cope with the increased work load. Also several full-time Juvenile and Family Court Judges have been appointed recently. It is intended that these appointees will cover two or three counties, thus relieving the Magistrates who are part-time Juvenile and Family Court Judges in these areas for full-time magisterial duties.

It should also be noted that the turnover of Magistrates during the past year was quite substantial. Magistrates J. T. Shillington, Q.C., of Brantford and R. D. Thrasher, Q.C., of Windsor resigned. Two Magistrates retired, F. C. Cornell, of Fort Frances and W. Davies, of Port Arthur, and M. G. Goul of North Bay was elevated to the District Court Bench. We regret the untimely passing of Magistrates J. D. Burger, of Brampton, I. B. Craig, Q.C. of Chatham, J. H. Woodhouse, Q.C., of Port Colborne and F. S. Ebbs, of Oshawa. In the Juvenile and Family Court field the death of Judge H. C. Arrell, Q.C., of Hamilton, is also noted with regret. Judge C. L. Austen, of Guelph, for many years Secretary of the Juvenile and Family Court Judges' Association, resigned as Juvenile and Family Court Judge for the County of Wellington but is being retained in an advisory capacity by the Department.

Despite the fact that interest rates rose sharply in 1967, the number of registrations in the Registry and Land Titles Offices for the Province rose by approximately 4%. Subdivision activity increased appreciably in the suburban municipalities surrounding Metropolitan Toronto and is particularly noticeable in Peel County. The work in the registry office is increasing steadily and I find also that we are being continually called upon to give advice to other departments of government with regard to land registration. To assist in this work Mr. Thomas J. Dillon has been added to our staff, effective January 1st, 1968. Mr. Dillon had been the Senior Deputy Registrar for the Registry Division of the East and West Ridings of the County of York where he has been employed for more than 28 years. He will be of great assistance to this office in standardizing forms and programs and controlling expenditure throughout our Land Titles and Registry Offices.

Again, as in past years, all our Associations have been most active and have held instructive meetings and seminars, both at the zone and provincial levels. The following is a list of officers of the various Associations for the coming year:

#### *Magistrates' Association*

President:	L. A. Sherwood	Ottawa
Past President:	W. J. Tuchtie, Q.C.	Hamilton
1st Vice-President:	F. C. Hayes	Toronto
2nd Vice-President:	F. K. Jaspersen, Q.C.	Windsor

Treasurer:	M. J. Cloney	Toronto

#### *Juvenile and Family Court Judges' Association*

President:	G. E. Wallace	North Bay
Past President:	H. C. Arrell (Deceased)	Hamilton
1st Vice President:	J. L. Roberts	Niagara Falls
2nd Vice-President:	W. H. Fox	London
Secretary:	A. S. Stewart	Owen Sound
Treasurer:	C. L. Austen	Guelph

#### *Crown Attorneys' Association*

President:	H. L. Daufman, Q.C.	Kitchener
Past President:	A. G. Burbidge, Q.C.	Sudbury
Vice-Presidents:	J. A. Pringle, Q.C.	Belleville
	L. K. Graburn, Q.C.	Toronto
	J. E. Sampson, Q.C.	Kingston
Secretary-Treasurer:	Blake Ward, Q.C.	Chatham

**Sheriffs' and Court Registrars' Association:**

President:	H. H. Warrell	Cochrane
Past President:	P. J. Ambrose	Toronto
1st Vice-President:	H. W. Webster	Napanee
2nd Vice-President:	S. A. McBride	Peterborough
Secretary-Treasurer:	Miss Donna Haley	Toronto

**Registrars' of Deeds Association**

President:	D. O. Cannon	Hamilton
Past President:	W. E. Towns	Bracebridge
1st Vice-President:	J. N. F. Gillespie	Fort William
Secretary-Treasurer:	R. V. Tuck	Woodstock

**Division Court Clerks' and Bailiffs' Association**

President:	F. E. Brown	Toronto
Past-President:	W. F. Anderson	Hamilton
1st Vice-President:	J. A. Bragg	Brantford
2nd Vice-President:	D. Oakes	St. Catharines
3rd Vice-President:	L. E. Taylor	Welland
Secretary-Treasurer:	M. Dean	Barrie

**Probation Officers' Association**

President:	K. Walker	Cornwall
Past President:	E. Bekker	Toronto
Vice-President:	K. Mitchell	Toronto
Secretary:	D. K. McIntyre	Welland
Treasurer:	W. J. Mock	Perth

A number of changes in personnel during the past year should also be noted. Mr. Charles Sale, Q.C., for over twenty years County Court Clerk, Local Registrar, S.C.O. and Surrogate Court Registrar at Windsor, retired to make over the duties of Legal Accounts Officer for the Legal Aid Program. Mr. A. E. Catherwood, Sheriff of Haldimand County and Mr. H. Clark, Local Registrar, S.C.O. and County Court Clerk of Frontenac County, retired and Mr. W. Craven, Sheriff of the County of Kent, passed away. Six changes are noted on the County Court Bench—Their Honours Judges H. J. Reynolds, Sault Ste. Marie, R. Forsyth, Toronto and T. M. J. Galligan, of Pembroke, retired; I. MacRae, London and L. A. Deziel, Windsor, unfortunately passed away and M. N. Lacourciere, North Bay, accepted an appointment to the Supreme Court Bench.

The assumption of the costs of the Administration of Justice will affect substantially the work in this Branch over the coming year. Costs of administration formerly paid by the Counties, i.e. jurors' fees, crown witness fees, coroners' inquests and investigations, transportation of prisoners and the like, will now be paid by the Province through our offices and accounting procedures are now being introduced to look after these obligations. Municipal employees concerned with the administration of justice have been brought in to the Civil Service, effective December 31st, 1967, and their positions are presently being reassessed. The matters above referred to will increase the burden on our accounting and personnel staffs for a number of months.

During the past year the new Court House in Brampton was officially opened in June as was the extension to the Court House in Bracebridge. With the assumption of the costs of the administration of justice by the Province, however, the obligation to provide accommodation will rest not with the Counties as heretofore but with the Province. The provision of accommodation involves not only Court Houses but also accommodation for Magistrates' Court, Juvenile and Family Courts, Division Courts, Probation Offices and Land Titles and Registry Offices. This obligation will be primarily the responsibility of the Department of Public Works and to this end a Task Force of eight persons has been set up which is confining itself exclusively to this project and will liaise very closely with this Department as to our requirements.

Due to the increased volume in most offices and the introduction of new accounting systems the audit staff, even though increased in number, has been very busy this past year. I am pleased to report, however, that all audits in the outside offices are up to date. Revenues again showed a marked increase in certain areas over 1966 due to some amended tariffs of fees which were effective for only a part of 1966 and the increased volume in these offices.

To assist in the substantially increased work load in my own office, Mr. R. A. McFarland has been added to my staff. He has wide experience in the outside office procedures and will prove of great assistance to this office.

The Honourable A. A. Wishart, Q.C.,  
Minister of Justice and Attorney General,  
Province of Ontario, Parliament Buildings,  
Toronto 2, Ontario.

MR:

I have the honour to present to you my Report as Inspector of Legal offices for the year ending December 31st, 1968.

The assumption by the Province of the costs of the administration of justice on January 1, 1968, imposed a heavy burden on our staff. The municipal staffs engaged in the administration of justice and taken over on that date involved more than 1,200 persons including county court judges' secretaries and reporters, the staffs of county and city juvenile and family courts, the staffs of the magistrates' courts including those of the municipality of Metropolitan Toronto and the Cities of Hamilton, Ottawa, London and Windsor, the staffs of the registry offices and sundry others. While some difficulty was experienced with classification of individuals, with a few exceptions this phase of the take-over has been successfully accomplished.

The second stage of the take-over involved the assumption of the operating costs of the courts and the re-distribution of certain revenues dated back to January 1, 1968 upon the passing of appropriate legislation. This included:

(a) the payment by the Province of all operational expenditures relating to the administration of justice at present incurred by the municipalities such as the operating costs of all courts and registry and land titles offices, fees and expenses of jurors, crown witnesses, coroners, justices of the peace, et cetera.

(b) relieving municipalities from payment of fees and expenses to crown attorneys, sheriffs, county court clerks and local registrars of the Supreme Court of Ontario for services connected with the administration of justice.

(c) the payment to municipalities of all revenue from local by-law fines and absorption by the Province of all revenue arising from fines and costs under non-municipal legislation.

(d) the payment to the municipalities of an additional \$.50 per capita grant to represent the apportionment of revenue from fines levied under non-municipal legislation, plus a supplementary \$1.00 per capita grant to municipalities in the northern districts.

First reading was given to the required legislation, some 16 bills, on April 1, 1968, and they received Royal Assent on May 30th. Since that date our audit

and accounts branches have been actively engaged in adjusting accounts of the municipalities retroactive to January 1st. The assumption of such a task also imposed a heavy burden on our outside offices and the accounting procedure introduced resulted in a great deal of confusion for several months. Most of the problems appear now to have straightened out, however.

The third phase, that of arrangements for assuming the costs of accommodation for the administration of justice caused us the greatest concern. These considerations are complex involving debt retirement charges, leases, rental, operational and maintenance costs, et cetera. Considerations also vary widely as almost every situation is different. This phase is the responsibility of the Department of Public Works and realizing the size of the undertaking a task force of nine persons was set up under the direction of D. E. Jamieson, Executive Officer, Operations, to devote itself exclusively to this project. As of December 31, 1968 the Department of Public Works has signed agreements with 4 counties and has agreements in principle with another 14. There is strong opposition, however, from several counties. In addition the Department is paying rental for 131 leased accommodations, which includes a number of new leases and a number of existing leases which have been assigned to the Province. This is in addition to buildings for which we are sharing accommodation with municipal administrations.

The past year saw a continuance of efforts directed towards the development of the central registry system as required by The Personal Property Security Act, 1967. Much work was accomplished through the informal meetings held with the credit granting institutions and associations. These meetings provided the essential communication in the determination of the consolidation of thinking related to the design of the prescribed forms, the lead time required by the business community to gear for the implementation of the procedures and regulations governing registration, and the amendments to the legislation necessary to co-ordinate the orderly implementation of the central registry system. It is anticipated that the year 1969 will be devoted to the final approvals of the forms design, selection of the immediate equipment requirements, introduction of appropriate legislative amendments, introduction of the prescribed forms for purposes of registration and instigation of a three-year build up of the central registry file.

The volume in the registry and land titles offices showed another sizeable increase over the previous year with revenue increasing almost 5%. While activity declined in the Toronto and Peel offices the other areas showed an offsetting general increase. The value of the properties transferred during 1968 is reflected by the amounts collected in land transfer tax which increased from \$10,249,974.87 in 1967 to \$11,642,785.97 in 1968.

The system of land registration under the Registry Act has made many notable advances over the past five years. Extensive amendments to the Registry Act and associated Acts have removed many obsolete provisions and have revised and introduced new ones. Registrar's Compiled Plans and Reference Plans have been introduced and have successfully been employed to improve title records. In addition to legislative changes, a large number of administrative changes have been made. Books and forms have been standardized. A bookbinding branch has been established by consolidating previously separated operations. This branch manufactures or furnishes all record books used in our offices throughout the Province. Microfilming processing equipment has been installed in the Hamilton office with a resultant increase in record quality and a reduction in costs. A program of regional plan printing offices

ing introduced so that we can offer paper prints of registered and deposited  
ans for sale to the public for nominal fees. Motorized document filing equip-  
ent has been introduced in several offices to make better use of existing space.

The Provincial Courts Act, 1968 which was proclaimed in force on  
December 2nd provides for the appointment of provincial judges for the criminal  
division and the family division. On that date those holding appointments as  
magistrates and juvenile and family court judges were appointed provincial  
judges with the exception of eight county court judges who were juvenile and  
family court judges on a part-time basis. While the services of several part-  
time appointees were retained for a few months, future appointments, of which  
quite a number are urgently required, due to resignations and the increased  
work load, will be made on a full-time basis. His Honour H. T. G. Andrews  
was appointed Chief Judge of the Provincial Courts (Family Division) and  
working with this department will be concerned with the creation of a full-time  
family court bench and the many other problems associated with this court.  
During the past year Judge Hollinrake retired, Judges Coon and Bannon of  
the County of York resigned and Judge Platus of Renfrew County passed  
away. Further resignations and retirements have already been received this  
year. In 1968, a number of new appointments were made including J. D.  
Deco of Algoma, L. Henricksen of Essex, G. E. Michel of Nipissing and  
A. McLean of Renfrew.

Our associations were again active, both at the provincial and zone levels.

Vice-President	R. Welbourn	Toronto
Secretary	Mrs. H. M. Clark	London
Treasurer	W. J. Mock	Perth

A number of changes in personnel during the past year should be noted. We regret the untimely passing of two of our senior Crown Attorneys, H. I. Bull, Q.C. of Toronto and A. G. Burbidge, Q.C. of Sudbury. In the Sheriff Local Registrars group in 1968 only two officials were replaced. H. C. Waind of Guelph was replaced by G. Goldrich and H. J. F. Stewart, Q.C., of Brockville was succeeded by D. E. Van Allen. During the year on the county court bench, Their Honours, C. C. Gibson of Ottawa and A. L. Ambrose of Hamilton retired on account of ill health.

## Notes

- 1 "Reg." denotes Registry Office; "Reg. & LT" denotes combined Registry and Land Titles Offices.
- 2 The official in charge of a Registry Office is a Registrar; the official in charge of a Land Titles Office is a Master of Titles.
- 3 Effective January 1, 1968, the Province became responsible for the payment of salaries of employees in the county offices, and entitled to the revenue. These salaries were previously paid directly from revenue. Disbursements, now relatively minor, are not shown.
- 4 Commencing October 1, 1968, charges for services provided by the Registry and Land Titles Offices for other branches of the Provincial Government were discontinued. "Gross Credited Revenue" includes Total Gross Fees and the value of services performed for other branches since October 1, 1968 as well as credit for the registration of Provincial Crown Grants, which, since October 1, 1965 have been registered without payment of registration fees.
- 5 Amounts paid directly to the Provincial Treasurer and Minister of Revenue are not shown.
- 6 Not included are copies of writs of execution and applications for certificates received by Land Titles Offices.
- 7 The Land Titles Office for that part of the Regional Municipality of Ottawa-Carleton that was formerly the County of Carleton is combined with the Registry Office for the City of Ottawa.

## INSPECTOR OF LEGAL OFFICES

ONTARIO: 1969

---

18th Floor,  
18 King Street East,  
Toronto 1, Ontario

The Honourable A. A. Wishart, Q.C.,  
Minister of Justice and Attorney General,  
Province of Ontario, Parliament Buildings,  
Toronto 2, Ontario.

IR:

I have the honour to present to you my Report as Inspector of Legal Offices for the year ending December 31, 1969.

The provision of accommodation for the administration of justice is the responsibility of the Department of Public Works and as at December 18 the Special Projects Branch of this department, under the direction of Mr. D. E. Jamieson, had completed 279 agreements. Another 169 are in various stages of completion. These agreements, in many instances, are very complex involving debt retirement charges, leases, operational costs, maintenance costs, rentals etc. In addition to the court houses, accommodation must be provided for the Provincial Courts, both Criminal and Family Divisions, Registry Offices, Division Courts and Probation. Marked improvements in many areas of the Province in the type of accommodation provided have been noted. The furnishings of court rooms and offices have also been upgraded.

The addition to the Kenora court house will be completed in the summer of 1970 and renovations are continuing in the court house at Sault Ste. Marie. Additional court rooms have been provided in the Old City Hall, Toronto, and three additional court rooms on the 6th floor of the court house on University Avenue have been completed. Activity can also be reported insofar as new court houses are concerned in London, Barrie and St. Catharines. In June or July of this year the renovation of Osgoode Hall will commence and the Court of Appeal will be re-located on the 3rd and 4th floors of 145 Queen Street West for a period of two or more years while the reconstruction is taking place. The High Court will be accommodated in the new court house on University Avenue. The Masters will occupy the 2nd floor at 145 Queen Street West and the Registrar of the Supreme Court, the 1st floor. The Official Guardian and the Accountant of the Supreme Court have already moved to 123 Edward Street.

The central registration system required under The Personal Property Security Act, 1967, continues to be of primary concern to the Department. Informal meetings were continued throughout 1969 with credit granting

institutions and associations. The content of the special (prescribed) forms was resolved. Amending legislation has been drafted and a first draft of the regulations has been completed. The credit granting community has requested a substantial lead time in order that they may have ample time in which to redraft their internal procedure manuals and to instruct their staff in the proper preparation of the required forms. The Department has tentatively agreed to set up a data centre under the joint control of the Department of Justice and Department of Transport (combining the motor vehicle and driver licence files with the registration file) and intends therefore, in the interim, to have the central file of information created (with proper security arrangements) by a service bureau outside the government. Tenders for this file creation should go out in the first half of this year and, if an acceptable bid is received, the creation of the three year file of information should begin at the end of the lead time required by the credit granting community. The Department has recently hired Mr. R. N. Rintoul as Manager of Systems and Procedures and one of his primary responsibilities will be to complete the design of the central registration system and oversee its implementation.

During 1969 the program of establishing registry office records on a parcel basis through the use of Registrars' Compiled Plans, authorized by section 8 of The Registry Act, was accelerated. Mr. S. Vander Schelde became the first plan examiner for registry office plans. He examines all Registrars' Compiled Plans throughout the province prior to registration and also undertakes the title searching and drafting of plans of this type. He has also produced a guide on written descriptions of land which has received wide acceptance and after minor corrections, will be published for distribution not only to registry office personnel but also to solicitors, surveyors, law students, law clerks and other. Also during the past year Mr. R. E. Priddle was appointed the first Director of Land Registration and Mr. Thomas J. Dillon, the Assistant Director.

The past year has seen a number of advances in the Family Division of the Provincial Courts. The enormous tasks of the classifying of personnel have been substantially accomplished. A one-write bookkeeping system has been selected and will soon be instituted uniformly in the courts. Accommodation in many areas has been improved and while it may be some time before the public is served by full-time Family Court Judges, a number of new appointments were made during the year. At present there are 30 full-time Judges serving the court and 32 serving the Family Court as well as the Criminal Division.

There continues a need for Detention Home resources and it is planned to establish these on a regional basis. Studies are underway to determine the extent of the need in several priority areas in the Province. One of the major concerns is the improvement of dispositional resources available to the courts and to this end inter-departmental meetings were initiated by the Chief Judge and have been attended by representatives of your Department, and the Departments of Health, Social and Family Services and Correctional Service. These meetings have proved most fruitful in exploring solutions.

Members were appointed to the Rules Committee established under the Provincial Courts Act. The Committee has been meeting regularly assuming as its first objective the standardization of forms for use in the courts. This association, through its programme of committee meetings and seminars, affords an opportunity for continuing education and development for the experienced members of the bench as well as recent appointees.

Our associations were again active, both at the provincial and zone levels. The following is a list of officers of the various Associations for the coming year:

A number of changes in personnel during the past year should be noted. The first Chief Judge of the County and District Courts, His Honour A. I. Willmott, retired in October and was replaced by Judge Colin E. Bennett of Owen Sound. His Honour Judge J. J. Duranceau of Cochrane retired and His Honour Judge A. R. Hugill of Rainy River passed away. Mr. E. Lynn, after almost 52 years of service, retired as Registrar for the Registry Division of Toronto, and Mr. W. R. Corey, Master of Titles and Registrar of Deeds for the District of Algoma, retired for reasons of health, after 39 years of service. Mr. R. V. Tuck, for many years, the Registrar of Deeds at Woodstock and most active in the Registrar of Deeds Association, died after a lengthy illness. In the Sheriffs, Local Registrars Group, six officials retired and five have been replaced. Nine Provincial Judges retired or left for other reasons and twelve appointments were made during the year.

STATEMENTS  
*respecting*  
REGISTRARS OF DEEDS  
AND  
MASTERS OF TITLES

## LAND REGISTRATION SERVICES, 1969

Amendments to *The Registry Act* and *The Land Titles Act* transferred the functions of the Inspector of Legal Offices under those statutes to the Director of Land Registration. Other amendments dispense with the transference of fees by sheriffs to matters of titles in connection with writs of execution; provide for ruling out oil and gas leases in registry abstract indexes; provide for the registration of notices of leasehold interests in registry offices; require the registration of consents under the *Estate Tax Act* (Canada); and provide for the standardization of procedures and integration of records, by regulations, in registry and land titles offices.

The microfilm processing plant in the Registry Office at Hamilton was enlarged, and additional processing equipment was purchased. The microfilm from twenty-one offices are now developed and reproduced in this plant and ultimately, it is intended that the processing of all microfilms from all Registry and Land Titles Offices in the Province will be handled there. This procedure will reduce operational costs by several thousand dollars each year, and also result in improved quality of microfilm reproductions.

The staff bookbinders, under the direction of the Supervising Bookbinder Mr. Gerald Timmins, travelled throughout the Province to repair and rebind record books in Registry and Land Titles Offices. New techniques have been developed which not only involve improved methods of restoring deteriorated records, but also reduce operational costs. The bookbinding plant in Toronto also serves as a central stock room for the binders and printed pages used in record books in Registry and Land Titles Offices throughout the Province. These printed pages are ordered in large quantities, and are shipped as required. Specially designed equipment has been obtained for the manufacture of record books, and many of the books used in the Registry and Land Titles Offices are manufactured in this plant.

A program of Regional Supervision was inaugurated. The Province has been divided into regions, with all offices in each region being supervised by one of the more experienced Registrars who voluntarily undertook the supervisory functions. The primary aims of this program are to achieve uniformity of procedure in all offices throughout the Province. This has involved instructional sessions for staff members. The system during its first year, has accomplished more than was originally anticipated, and has resulted in internal rearrangements in offices for improved efficiency and better use of existing accommodations.

After a lengthy illness, Mr. R. V. Tuck, Master of Titles and Registrar of Deeds for the County of Oxford, died on October 1, 1969. Mr. Tuck had been Secretary-Treasurer of the Registrars' Association for a number of years, had served as a member of many of the committees of the Registrars' Association and had contributed greatly not only in the area of legislative changes and the development of improved techniques, but had also been largely responsible for the improvement of employee benefits prior to the takeover of county offices by the Province in 1968.

The assumption by the Province of the responsibility for municipal property assessment, effective January 1, 1970, is expected to result in changes in procedures in registry and land titles offices, and particularly to increase the number of photo copies of documents reproduced for up-dating assessments.

records, for which prescribed fees will no longer be collected. This change required modifications to the system of identification cards and Inter-Departmental Accounts Ledgers, first introduced in October, 1968, to allow for the recovery of the cost of producing copies for other departments of the Provincial Government.

The schedule following indicates subdivision and related activity during 1969.

March 31, 1970

Richard E. Priddle,  
Assistant Inspector of Legal Offices  
and Director of Land Registration.

## Notes

"Reg." denotes Registry Office; "Reg. & LT" denotes combined Registry and Land Titles Offices.

The official in charge of a Registry Office is a Registrar; the official in charge of a Land Titles Office is a Master of Titles.

Grand Total Gross Fees includes a total of \$12,531.87 disbursed from fees.

"Gross Credited Fees" includes: (1) Total Gross Fees and the value of services performed for other branches of the Provincial Government; (2) credit for registration of Provincial Crown Grants which since October 1, 1965, have been registered without payment of registration fees, and (3) credit for copies of writs of execution received. (Amounts transferred by sheriffs were discontinued. See Land Titles Amendment Act 1968-69, Section 12.) The value of services performed, credit for registration of Provincial Crown Grants and writs of execution received amounted to \$206,052.44.

Amounts shown do not include tax in the sum of \$472,781.48 paid directly to the Department of Revenue.

Not included are copies of writs of execution and applications for certificates received by Land Titles Offices.

The Land Titles Office for that part of the Regional Municipality of Ottawa-Carleton that was formerly the County of Carleton is combined with the Registry Office for the City of Ottawa.

MAY IT PLEASE YOUR HONOUR:

The undersigned begs respectfully to present to Your Honour the Annual Report of The Inspector of Legal Offices for the year ending 31st December, 1970.

ALLAN F. LAWRENCE,  
*Minister of Justice and  
Attorney General.*

Toronto, April 15th, 1971.

REPORT  
of the  
INSPECTOR OF LEGAL OFFICES  
ONTARIO: 1970

---

Honourable Allan F. Lawrence, Q.C.,  
Minister of Justice and Attorney General,  
Province of Ontario, Parliament Buildings,  
Toronto 2, Ontario.

I have the honour to present to you my Report as Inspector of Legal  
Offices for the year ending December 31, 1970.

During the past year the renovations at Osgoode Hall were commenced  
and the Court of Appeal was re-located at 145 Queen Street West, on the third  
and fourth floors. The Masters were moved to the second floor of this building  
and the Registrar of the Supreme Court to the first floor. The High Court  
was re-located in the New Court House on University Avenue. With the  
excellent co-operation of the Department of Public Works and all the officials  
concerned these extensive moves were made with the minimum of difficulty  
and very little disruption to the legal profession. The addition to the Kenora  
Court House was officially opened this year and the development of the plans  
for a new Court accommodation in London, Barrie and St. Catharines is pro-  
gressing satisfactorily.

Court reporting and the preparation of transcripts are causing the Depart-  
ment some concern. On October 22, 1970 a special committee was formed  
including representatives of the Supreme Court, the County and District  
Courts, both Divisions of the Provincial Court and the Law Society "to  
review and consider the alternative methods available for the mechanical or  
electronic recording and transcription of evidence and to advise the Minister  
of Justice and Attorney General upon the possible application of some  
mechanical or electronic method for the recording of evidence in the Court of  
Ontario, and to further advise the Minister of Justice and Attorney General  
as to any reasonable method for the testing of possible applications within  
these Courts." This committee is actively pursuing the possibility of intro-  
ducing mechanical means of court reporting into our system.

During 1970, the Systems Development Branch was formally established  
and Mr. R. N. Rintoul appointed as Director. The Department was successful  
in attracting a number of highly qualified systems analysts and computer  
programmers who brought with them a wide variety of disciplines and ex-  
perience in management techniques.

The final design of the Personal Property Security Central Registration system was the major project during the year and considerable preparation was required to introduce this unique system.

In September 1970, the Branch was made responsible for the design and development of a statistical reporting system covering activities of the Courts of Ontario. Basic data forms were devised with the advice and co-operation of members of the Ontario Sheriffs' and Court Registrars' Association. A long term goal for the Department is the creation of a Management Information and Control System and the data bank of statistics will become the basis for that system which will eventually include all the activities and functions being performed by the Department.

Of significant importance was the successful negotiation of an agreement between this department and the Department of Transport to jointly share and control the data processing facilities which Transport had been operating for a number of years. This newly established Transport-Justice Computer Centre will meet the complex demands of this Department in the coming years at a considerable dollar saving. The Systems Development Branch has also been involved in other areas such as the Personnel Management Branch, the Supervising Coroner of Ontario and the Centre of Forensic Sciences.

The Personal Property Security Registration System began March 1971. This new system requires the credit grantor to submit a prescribed form ("financing statement") with the security agreement at the time of registration. The financing statement is a three part form with the first part being sent into the central office, the second part being attached to and filed with the security agreement at the branch office (the County and District Court offices) and the third part being returned to the secured party. In the central office the information is recorded onto a computer file located at the Transport-Justice Computer Centre. While this new system affects virtually the entire business community, it has been introduced with very little adverse reaction. This is in part due to the fact that the system was developed in close co-operation with the business community to ensure, insofar as it was possible to do so, that the system would provide maximum service with a minimum of inconvenience. It will take three years before a complete file is built up because old registrations are picked up at the time of renewal (and the registration period of some security agreements is three years). It should be noted that the system is not a credit information system—the information which will be available from the system is the name and address of the creditor and, in some instances, a description of the collateral (particularly motor vehicles). Also a debtor may check the file to determine the accuracy of the information recorded in his name. The target date for providing an enquiry system into the file is July 1, 1972, at which time it is hoped to bring The Personal Property Security Act into full force and effect.

In the Provincial Court (Family Division) new forms have been introduced for annual statistical reporting which will give an expanded and more accurate picture of the input and output of each individual court operation. Analysis of the returns will serve in determining staff complement, accommodation requirements, the need for and distribution of services and resources and will assist in the intelligent development of new systems and procedures. A monthly reporting programme has been initiated to avoid the previous year-end burdens and to facilitate ongoing analysis and response. The matter

Detention and Observation Home accommodation throughout the Province continued to be of substantial concern. One new home has been established to serve the Counties of Essex and Kent and arrangements have been made in a few other areas to purchase detention care from local residents. The Province has been divided into 15 regions and priorities have been established. Interdepartmental meetings have been initiated to determine policies and standards and to translate the same into terms of modular, component architecture for construction according to local needs in the various regions.

The Rules Committee, established and appointed under The Provincial Courts Act (Part 3, Family Division), has instituted on a trial basis a number of reforms under The Deserted Wives' and Children's Maintenance Act. It is now in the process of preparing rules of practice and procedure under the Act. After an extensive survey a branch of the Court was opened to serve the residents of Metropolitan Toronto north of approximately Lawrence Avenue. Approval for staff, furnishings, etc. was obtained and the court opened in March, 1971. Developments with respect to the psychiatric unit of the Toronto Court are most encouraging. Present plans call for the reorganization and expansion of the clinic through co-operation between the Department of Justice, Department of Health and the Clarke Institute. When the plans come to fruition a most extensive and valuable service will be provided for both adult and juvenile problems.

Our associations were again most active, study seminars, regional meetings and committee meetings being held throughout the year. The following is a list of officers of the various Associations for the coming year:

STATEMENTS  
*respecting*  
REGISTRARS OF DEEDS  
AND  
MASTERS OF TITLES

## LAND REGISTRATION SERVICES, 1970

In 1970, business in the Land Titles and Registry Offices was appreciably lower than in 1969 but the decrease was not as great as anticipated. While registrations and land transfer tax were slightly below 1968 levels, fees revenue was approximately 10% higher (due largely to the increased rates effective May 1, 1969).

The most significant single factor contributing to the decline was undoubtedly the re-enactment of section 26 of The Planning Act, effective June 27, 1970, which extended subdivision control to all unsubdivided land and part-lot control to all subdivided land in the Province. This legislation severely curtailed the speculative creation and sale of parcels of land in areas and circumstances where subdivision control did not previously apply. The continuing escalation in land values (particularly in urban areas), mortgage interest rates and construction costs also adversely affected the sale of conventional housing.

The unpredicted rate of increase in business in 1969 was undoubtedly a reflection of the increased activity by speculators who had anticipated more stringent subdivision control.

The reduction of business in 1970 was partly offset by the increased acceptance of the condominium concept, which has brought the cost of home ownership within the reach of many more families. Condominiums are increasing in popularity, particularly in areas where land values are high, and are being constructed by Ontario Housing Corporation and many private developers.

In November, 1970, The Land Titles Act was extended to both the City of London and the County of Peel. The land titles section of the Brampton office has been extremely busy, partly because new condominium developments must now be registered under The Land Titles Act.

Schedule 1 below indicates the relative levels of subdivision and related activity in the years 1969 and 1970.

## LEGISLATION

Amendments to The Land Titles Act and The Registry Act authorized the offices to remain closed on Civic Holiday and Boxing Day, and restricted applications for orders amending registered plans of subdivision to municipalities. A new provision was added to The Land Titles Act authorizing masters of titles to prepare and register "Index Plans", similar in purpose to "Registrars' Compiled Plans" under The Registry Act. Other amendments to The Registry Act include a new section prohibiting the registration of mortgages-of-mortgages, a provision authorizing the deletion of entries of mortgages and other instruments registered before 1890, the repeal of section 82 (relating to the registration of wills), the re-enactment of section 92a (providing for the correction of registered plans) and the amendment of section 12 (increasing the maximum penalty for the improper alteration or removal of registry records).

## REGULATIONS

Effective January 1, 1970, the alphabetical indexing of deeds and similar instruments was discontinued in fifteen of the larger offices. To date, we have had no adverse reaction, and plan to recommend that the dispensation be extended progressively to the remaining offices.

Effective January 1, 1971, regulations dispensed with the entry in the general register index of succession duty certificates and estate tax consents which in all cases refer to specific parcels. The elimination of this work will allow us to cope with more important work without increasing staff.

Forms 13, 13a and 13b (Certificates of Discharge of Mortgage) of O. Reg. 429/69 were remade by O. Reg. 429/69 effective January 1, 1970, but provision was made for the use of the original Form 13 of O. Reg. 157/64 and Forms 13a, 13a and 13b as made by O. Reg. 361/66 for discharges executed before July 1, 1970. Problems in this area appear to be finally resolved.

The names of the land titles and registry divisions were changed effective January 1, 1971. The new names are very similar to the old names, and include designating numbers which have been adopted as prefixes in the numbering reference plans and, in some areas, on declarations under The Partnerships Registration Act.

### ADDITIONAL ACTIVITIES

Many activities of the Land Registration Branch are not directly related to instruments dealing with land registered during the year.

Registrars have been encouraged and assisted in the preparation of Registrars' Compiled Plans. These plans, compiled from descriptions in registered deeds, assign lot numbers to individual parcels and permit the recording of instruments on a parcel basis to reduce searching time.

The abstract index format was adapted on a trial basis for land titles registers in the Brampton office to facilitate the training of employees. The forms have proven successful and will be adopted in other offices.

In 1970, several instructional sessions were held for registrars and employees. In view of the encouraging response, further sessions are planned.

The four staff bookbinders, in addition to operating the plant and stockroom in Toronto, travel regularly to the registry offices to repair books and plans. New methods are continually being explored to improve quality and reduce costs.

Several registrars have undertaken backlog microfilm programs so that copy books and certain documents may be destroyed to permit more effective use of existing office space.

An additional processing unit has been installed in Hamilton where microfilms from 56 land registry offices and the Personal Property Security central registry are now being processed.

Regional plan printing centres have been set up in Toronto, Woodstock and Ottawa to supply paper prints of plans for individual offices and for sale to the public. This program will ultimately release prime office space now used for storage of mounted plans.

New monthly return forms were introduced in 1970 for the remittance of land transfer tax and fees revenue. The returns also include statistical information on volume of business and workload.

Declarations of partnership and related documents are registered in registry offices under The Partnerships Registration Act and The Limited Partnerships Act. Comparative figures for 1969 and 1970 are included in Schedule 2 below.

Effective April 1, 1970, the responsibility for the administration of The Personal Property Security Act, 1967 and related statutes was transferred to the Land Registration Branch. Mr. T. M. Rundle, previously the Deputy

Registrar, was appointed Registrar effective November 1, 1970. The three year transitional period began on March 1, 1971, in anticipation of the Act coming fully into force on March 1, 1974.

March 22, 1971.

Offices for which individual totals are not shown each received fewer than 400 during the year. Totals include filings related to changes in partners and dissolutions.

The numbers shown above are included as Registry Office registrations in the statement on the following pages.

In 1966, the registry divisions in each of three areas were combined for this purpose:

- (a) The Registry Division of the East and West Ridings of the County of York was added to the Registry Division of Toronto. The combined divisions comprise the Municipality of Metropolitan Toronto and that part of the former County of York (now the Regional Municipality of York), south of the north limits of the former Townships of Markham, and Vaughan.
- (b) The Registry Division of the County of Carleton was added to the Registry Division of the City of Ottawa;
- (c) The Registry Divisions of the East and North Ridings of the County of Middlesex and the West Riding of the County of Middlesex were added to the Registry Division of the City of London. (See O. Reg. 422/69, schedule 2.)

Further consolidations, effective February 1, 1971, were authorized by O. Reg. 26/71.

2 The official in charge of a Registry Office is a Registrar; the official in charge of a Land Titles Office is a Master of Titles.

3 Grand Total Gross Fees includes a total of \$10,768.98 disbursed from fees.

4 "Gross Credited Fees" includes: (1) Total Gross Fees and the value of services performed for other branches of the Provincial Government; (2) credit for registration of Provincial Crown Grants which since October 1, 1965, have been registered without payment of registration fees; and (3) credit for copies of writs of execution received. (Amounts transferred by sheriffs were discontinued. See Land Titles Amendment Act, 1968-69, section 12.) The value of services performed, credit for registration of Provincial Crown Grants and writs of execution received amounted to \$427,389.17. Of that amount, \$138,773.93 was credited for copies of documents and plans supplied during the last 9 months of 1970 to the Departments of Highways, Lands and Forests, and Municipal Affairs. The greater portion of that credit is for photocopies of documents, credited at the rate of 20¢ per page (40% of tariff). The amounts invoiced to those departments totalled \$48,799.56 billed at the rates of 8¢ for Xerox and 5¢ per page for other copies. Recoveries were treated as expenditure refunds to the maintenance appropriation.

5 The grand total shown for land transfer tax is the total of all amounts remitted by the land titles and registry offices to the Department of Revenue, and does not take into account direct payments made to or refunds made by that department.

6 Not included are copies of writs of execution and applications for certificates received by Land Titles Offices.

7 The Land Titles Division of Ottawa-Carleton does not include the Township of Cumberland, which remains in the land registration divisions of the County of Russell.

## INSPECTOR OF LEGAL OFFICES

ONTARIO: 1971

---

18th Floor,  
18 King Street East,  
Toronto 1, Ontario.

The Honourable Dalton A. Bales, Q.C.,  
Minister of Justice and Attorney General,  
Province of Ontario, Parliament Buildings,  
Toronto 2, Ontario.

SIR:

I have the honour to present to you my Report as Inspector of Legal Offices for the year ending December 31, 1971.

During the past year many improvements have been made in leased accommodation throughout the Province. There are still, however, a number of areas where improved accommodation is required and this department is working closely with the Planning and Property branches of the Department of Public Works and as funds become available the necessary accommodation will be obtained. The extensive renovations at Osgoode Hall will be completed in late 1972. The completion dates for the Simcoe court house and the London court house are 1973 and 1974 respectively. Planning is proceeding for the new court houses at Barrie and St. Catharines.

At the beginning of 1971, a statistical reporting system covering the activities of all levels of court was introduced. To compile the data received and to prepare reports, a Statistical Data Centre was established in Toronto. A review and audit of the data collected has been carried out and this information will now become the first level of the data base now being created. The levels of court included in this data base are the Supreme Court of Ontario, the County and District Court, the Surrogate Court and the Provincial Court (Criminal and Family Divisions).

The statistical data for 1971 is the first phase in the development of a management information and control system which is being introduced by the Systems Development Branch. The objective is to create an inflow of selected information from all functional areas of the Department. This information will be maintained and updated on computerized storage devices which will permit a more complete analysis of the information. Through the use of a structured management reporting system, various activities can be monitored and remedial

action instituted when required. The opportunity to exercise more effective control over the established functions will be one of the major benefits obtaining from this system. The dissemination of this information will provide management with an invaluable aid to long-term program planning and the deployment of resources which will reap the best return.

An essential feature of the developing management information and control system will be the regular feed-back of summarized information to the reporting functions coupled with the follow-up on particular items of information which appear to be exceptions to the rule. During 1972, performance indicators will be established and will be included in the monitoring and analytical techniques.

In order that operating costs can be controlled and that the introduction of this management information and control system does not add to the financial burden of the Department, the Systems Development Branch will continue to review these systems, procedures and administrative practices within the various offices. A basic principle in the design of the new system is that the information flow of statistical data will result as a natural by-product of the daily routine operations, thus avoiding a separate recording system. In this respect, the Systems Development Branch is already receiving advice and guidance from many areas as part of the co-operative effort in developing and introducing this major system which will benefit all segments of the Department.

The central registration system required under The Personal Property Security Act, 1967, was introduced successfully in 1971. During the ten month period of the fully operational system, approximately 725,000 registrations were processed and are now recorded on the central record. This first phase of the new system of lien registration will not be complete until March 1, 1974, at which time a complete central record of all registered liens will be available.

The second phase of The Personal Property Security Registration System involves the development and introduction of the search technique that will be made available. The technique for searching the central record must be available by March 1, 1974, at which time all local searches will cease. It is hoped that a pilot operation of enquiry can be introduced prior to that date, at which time, it is hoped to bring The Personal Property Security Act into full force and effect.

Several phases of the Provincial Court (Family Division) have seen substantial development over the past year. The new statistical reporting forms previously initiated provided the first genuinely comprehensive analysis of the work of the Courts and a sound basis for further study. The reporting methods are being further refined with the assistance of the Systems Development Branch of the Department and reporting with respect to juveniles has been developed in co-operation with Statistics Canada.

A comprehensive study is now under way which will bring together in one document the assets of the Court, including personnel, accommodation, et cetera, as they existed when the Province assumed administrative responsibility on January 1, 1968 and the comparative assets as at June 1, 1972. As realistically as possible,

the demands which the Court may face in the future will be evaluated and the additional resources necessary to meet such demands will be estimated. Parts of this study have already been completed.

A new modern detention and observation home began operation in the City of Hamilton. Designed in accordance with the most advanced principles of juvenile detention it provides the opportunity for meaningful programme planning in co-ordination with mental health diagnostic services. In addition to this "formal" type of detention centre, new residential or "informal" detention homes have been opened in the County of Peel and in the United Counties of Stormont, Dundas and Glengarry.

A number of progressive steps have been taken relative to the Family Court in the Regional Municipality of York. A comprehensive study of the administration thereof has been prepared by the Systems Development Branch and recommendations for advancing its efficiency and effectiveness are being implemented. A branch of the Court, opened in March of this year to serve the people in the northern region of Metropolitan Toronto, has been a notable success. The Psychiatric Clinic attached to the Court was expanded and relocated to accommodate an expansion of 300 per cent in personnel, accommodation and services. Not only is it applying advanced standards in the diagnosis of offender problems, it is also developing a total treatment approach towards the patient in terms of his environment and those in relationship to him. Close co-operation with community social service agencies is being expanded.

Under special authority from the Minister of Justice, the Rules Committee, after much study, has prepared and submitted to the Minister a discussion draft of a new "Family Relations Act" and rules of practice thereunder. This draft incorporates the most progressive features of social thought relative to the rights and responsibilities of members of the family.

The enforcement of maintenance orders has been an area of substantial concern by reason of the dependancy of wives and children on maintenance monies and the relationship thereof with public welfare funds. A comprehensive study has now been completed and practical recommendations prepared for improvement in the practice and procedure of collections.

Our associations again held study seminars, regional meetings and committee meetings throughout the year. The following is a list of officers of the various Associations for the coming year:

The use of mechanical means of court reporting has been extended on a trial basis throughout the province very extensively and has been on the whole very well received. It is used in many areas for examinations for discovery, justice of the peace and traffic courts, in both divisions of the provincial courts and in

no county courts. The volume of work in many of our courts again showed an increase this year and while it was not possible to obtain additional personnel I feel that the service rendered to the public through our offices has been of a very high calibre.

A number of changes in personnel during the past year should be noted. Twelve appointments were made to the County Court Bench; in Toronto—Their honours H. M. O'Connell, R. Stortini and F. J. Cornish; J. E. Brown in Norfolk, J. Kovacs in Niagara North, G. G. Nichols in Niagara South, G. A. Stiles in North York, D. J. McKeown in North York, Dundas and Glengarry, E. O. Fanjoy in Brant, C. S. Lazier, M. J. Moriarty in Wentworth, B. B. Shapiro, and J. K. Blair as judges "at large". Four senior members of the County Court Bench passed away, G. A. P. Bricken- en of Norfolk, J. S. Latchford of Wentworth, A. C. Hall of Ontario and E. L. Weaver of York. In the Provincial Court (Criminal Division) Judges O. C. McClevis of Walkerton, A. S. Stewart of Owen Sound and R. Philp of Peter- borough died during the year. Judges W. F. Woodliffe of Sudbury, G. R. Foster of Barrie and J. Rennicks and J. Butler of Toronto retired after many years of service. The following judges were appointed—H. C. Mosser in Walkerton, M. Lay in Owen Sound, L. T. G. Collins in Peterborough and H. W. Gauthier in Peterborough. In the Provincial Court (Family Division) Judge I. C. Johnston of Windsor retired and Mrs. M. Campbell and K. Wang were appointed in Toronto. In the Sheriffs, Local Registrars group, two sheriffs passed away, H. J. Colliver of Picton, and C. Dyke of Stratford. Sheriff B. J. Clouse of Windsor retired and was replaced by W. Warren Bradley.

STATEMENTS  
*respecting*  
REGISTRARS OF DEEDS  
AND  
MASTERS OF TITLES

## REPORT OF PROPERTY RIGHTS REGISTRATION, 1971

1971 was an eventful year. The number of instruments registered in land titles and registry offices and fees revenue reached an all time high, increasing by approximately 17% over 1970. Revenue derived from land transfer tax increased by approximately 41%. In addition to fees collected, the value of services provided without charge to other departments and branches of the Provincial Government was approximately \$494,000.

The most significant single event of 1971 relating to land registration was undoubtedly the completion and publication of the Ontario Law Reform Commission's Report on Land Registration which inter alia, contains recommendation that, (1) an improved land titles system should be the sole system for land registration in Ontario; (2) a co-ordinate control system should be established and used for indexing parcels and to record the location of monuments and (3) a computer system should be used for land registration.

Almost as significant were the recommendations contained in the several interim reports of the Committee on Government Productivity. As a result of their implementation, the Land Registration Branch of the Administration of Justice Division of the Department of Justice will become the Property Rights Division of the Ministry of Consumer and Commercial Relations, effective April 1, 1972. Since the Administration of Justice Division will remain with the Ministry of the Attorney General, I will no longer be Assistant Inspector of Legal Offices, having held that title for exactly 10 years.

Along with land registration, responsibility for personal property security registration and partnerships registration will also be transferred to the new ministry as a part of the Property Rights Division.

The Government Reorganization Act, 1972, as well as amending the land registration and related statutes, also nominally transfers responsibility for receiving assignments of book debts, chattel mortgages and conditional sale contracts for registration from the Clerks of the County and District Courts to the Branch Registrars designated under The Personal Property Security Act. For the time being, the court clerks except in the Judicial District of York, will continue to act as Branch Registrars, but it is proposed that within the next two years the Registrars of Deeds will be designated as Branch Registrars under that Act.

The Civil Rights Statute Law Amendment Act, 1971, implementing recommendations of the McRuer Commission on Civil Rights vests in the Director of Land Registration the powers of a commission under Part II of The Public Inquiries Act, 1971 when conducting an inquiry under The Registry Act and amends the procedures to be followed by the Director of Titles on applications and hearings under The Boundaries Act and The Certification of Titles Act. Under The Age of Majority and Accountability Act, 1971, "legal age" was reduced from 21 to 18 years. On September 1, 1971, documents formerly required to be executed by persons 21 years of age became acceptable for registration if executed by persons 18 years of age.

It is proposed that a Central Registry system under The Personal Property

Security Act will be fully operational as of March 1, 1974. The use of financing statements and similar forms for computerizing information related to assignments of book debts, chattel mortgages and conditional sales contracts was introduced in January on an optional basis and made mandatory in March, and a portion of the fees received from May 1st on such registrations was set aside to form The Personal Property Security Assurance Fund. Further steps were also taken toward the establishment of the central registry under The Partnerships Registration Act.

On March 29, 1971, Mr. Robbert Blomsma, a graduate of Queen's University, the University of Toronto and the Bar Admission Course joined our staff to assist in administrative duties particularly with respect to legal matters. He was appointed Deputy Master of Titles and Deputy Registrar of Deeds at large, and for short periods exercised the functions of a Deputy in the Thunder Bay East and Waterloo South Offices.

The Land Titles Act was extended to the County of Simcoe on June 1, and to the Registry Division of Durham East on September 1. The Regional Municipality of York was designated as a certification area under The Certification of Titles Act as of February 24, and the County of Wentworth was similarly designated as of November 1.

The report for 1970 showed that The Land Titles Assurance Fund had been reduced to less than \$1,000,000. and, accordingly a provision of The Land Titles Act, enacted in 1966, for augmenting the fund, was invoked for the first time in 1971. Under that provision a regulation was passed providing that approximately 5% of the fees received by the Master of Titles was to be paid to the fund.

The number of land registration offices remains at 66 but two important changes took place in 1971. Effective January 1, the Waterloo office was divided into offices for Waterloo North and Waterloo South. However both offices continued to operate in Kitchener until July 12 when the new Waterloo South office was officially opened by the Honourable James A. C. Auld, then Minister of Public Works, in new leased premises in Galt. The office for Thunder Bay West was amalgamated with the office for Thunder Bay East effective November 22.

As was noted in the 1970 report, all land titles and registry divisions were renamed effective January 1, 1971. The terms "County", "District" and "Riding" have been omitted but the new names still have geographic significance and include division numbers.

Although no new buildings have been constructed by the Province for our offices, new leased accommodation was provided for the Lanark South office in Perth and has been arranged for the Dufferin office in Orangeville and improvements have been made to other offices notably Brampton and Brockville, in all cases through the Department of Public Works. The co-operative attitude of the employees of that department should be commended. New government buildings, which when completed will house the registry offices for the Counties of Middlesex and Norfolk, are under construction in London and Simcoe.

March 30, 1972.

Richard E. Priddle  
Assistant Inspector of Legal Offices  
and Director of Land Registration.

Notes:

There were fewer than 300 filings during the year in each of the offices for which individual totals are not shown. Totals include filings related to changes in partners and dissolutions. The numbers shown above are included as Registry Office registrations in the statement on the following pages.

For the purpose of filings under the above Acts, the registry divisions listed in column 1 have been combined with those listed opposite in column 2, and the records for the combined divisions are now kept in the respective offices for the divisions listed in column 2. For the effective dates of these consolidations see Reg. 653 of R.R.O. 1970 and O. Reg. 26/71.

In the 1970 Report, the number of offices in South-Eastern and South-Western Ontario for which individual filing figures were not given were reversed. "South-Eastern Ontario—Others" should have read "(21 offices)" and "South-Western Ontario—Others" should have read "(15 offices)".

## Notes

1. "Reg" denotes Registry Division; "LT" denotes Land Titles Division. The names of land titles and registry divisions were changed by Regulations 554 and 779, R.R.O. 1970, effective January 1, 1971. The numbers assigned to the divisions as components of the new names appear in the column at the left.
2. The official in charge of a Registry Office is a Registrar; the official in charge of a Land Titles Office is a Master of Titles.
3. Grand Total Gross Fees includes a total of \$21,038.26 disbursed from fees. Of that amount \$13,751.50 was comprised of payments into the Land Titles Assurance Fund as provided by O. Reg. 178/71.

"Gross Credited Fees" includes; (1) Total Gross Fees and the value of services performed for other branches of the Provincial Government; (2) Credit for registration of Provincial Crown Grants which since October 1, 1965 have been registered without payment of registration fees and (3) credit for copies of writs of execution received. The value of services performed, credit for registration of Provincial Crown Grants and writs of execution received amounted to \$581,254.22. Of that amount \$226,367.47 was credited for copies of documents and plans supplied to the Departments of Transportation & Communications, Lands & Forests and Municipal Affairs. The greater portion of that credit is for photocopies of documents credited at the rate of 20¢ per page (40% of tariff). The amounts invoiced to those departments totalled \$87,031.68 billed at the rates of 8¢ for Xerox and 5¢ per page for other copies. Recoveries were treated as expenditure refunds to the appropriation for supplies and equipment.

The grand total shown for land transfer tax is the total of all amounts remitted by the land titles and registry offices to the Department of Revenue, and does not take into account direct payments made to or refunds made by that department.

Not included are copies of writs of execution and applications for certificates received by Land Titles Offices.

The Land Titles Division of Ottawa-Carleton and the Registry Division of Carleton do not include the Township of Cumberland, which remains in the land registration divisions of Russell.

18th Floor,

Toronto 1, Ontario.

The Honourable Dalton A. Bales, Q.C.,  
Attorney General,  
Province of Ontario, Parliament Buildings,  
Toronto 2, Ontario.

SIR:

I have the honour to present to you my Report as Inspector of Legal Offices for the year ending December 31, 1972.

During the past year this Ministry has continued to work closely with the Planning and Property Branches of the Ministry of Government Services concerning accommodation for our Ministry. New and improved accommodation was obtained for the Provincial Court (Family Division) at Sudbury, St. Catharines and Brantford and for the Provincial Court (Criminal Division) at North Bay and Owen Sound. Improved accommodation will be occupied shortly by the Criminal Court at Belleville and at Brampton. The Family Court will be established in Scarborough as soon as adequate accommodation can be located and the Small Claims Court in that area will also be re-located at that time. Plans are proceeding for the re-location of the Provincial Courts (both Criminal and Family Divisions) at Kitchener. The renovations to Osgoode Hall have almost been completed and this accommodation will be opened in early April, 1973. The new Court House for Norfolk County at Simcoe has been completed and the new building at London is proceeding on schedule. It will be completed in 1974.

The statistical reporting system on the activities of the courts underwent minor changes at the beginning of the year brought about mainly by the reorganization of the staff of the Statistical Data Centre. Permanent members of the Centre were established and Miss Jane Forrest, the new Supervisor developed a comprehensive reporting system for each level of court. Copies of these reports are now distributed either in whole or in part according to the area of responsibility.

It had been anticipated that there would have been greater activity in the development of a Management Information and Control System during the

year but the priorities established on other projects reduced the available Systems Development staff to a minimum. The rate of development on the statistical reporting system suffered considerably and, as yet, it has not been possible to distribute copies of the summarized statistical information to the various points of origin. However, with the reorganization of many of the functions of the Ministry taking place in October 1972, greater emphasis has been placed on the development of the Management Information and Control System and a specific schedule of work is being determined for the fiscal year 1973-74.

Of particular significance is the fact that the Deputy Attorney General, Mr. F. W. Callaghan, Q.C., has created Advisory Groups covering each level of court. Each group is composed of experienced Administrators and the purpose of each group is to bring to bear their knowledge and experience to the following terms of reference:

1. The identification and development of information criteria as an aid to the effective management of the courts—  
It is intended to develop an information system which will provide the various levels of management with selected data on the activities of the courts and of the administrative functions which will indicate level of activity and performance of the service.
2. The identification and development of standard procedures for the effective operation of administrative practices.
3. The evaluation of the need for manuals of operation, the updating or rewriting of current manuals if deemed feasible and the presentation of proposals for the continuous update of the manual.
4. To assist in the implementation of standard procedures and to train the administrators responsible for the particular function in the use of the new procedures.

It is anticipated that these advisory groups will direct their attention to practically every operational facet of the administrative functions of the courts. At the appropriate time, a review of the work completed to date will be distributed by the members of the Advisory Group to their counterparts throughout the Province. The opportunity to participate in the development of an effective operational function will be provided so that the recommendations made constitute the main opinion of those responsible for the functions.

Several areas of this Branch have, with the reorganization of the government, been transferred to other Ministries. Probation Services have been transferred to the Ministry of Correctional Services and the Registry Offices together with the central registration system required under The Personal Property Security Act, 1967, are now in the Ministry of Consumer and Commercial Relations. Some difficulty was being experienced in the transfer of this work from the County Court offices to the Registry offices but it now appears to be proceeding satisfactorily. The complete transfer should be effective in 1973. Payment of Coroners accounts, formerly the responsibility of this Branch, is also being transferred to the Ministry of the Solicitor General, effective April 1, 1973.

The use of mechanical means of court reporting was expanded further throughout the Province in 1972 and it is expected that its use will be accelerated in 1973. At the present time it is in use in the following areas:

Some problems are still being encountered in the preparation of transcripts but these are followed up as soon as they are drawn to the attention of this Ministry.

In August the Provincial Court (Family Division) completed a comprehensive study and analysis. The report charts every aspect of administration, resource and service of the Courts throughout the Province from January 1, 1968, when the Province assumed full responsibility, to December 31, 1971.

During this period the number of full-time Judges increased from twenty-three to thirty-four. By the end of 1972 there were thirty-eight full-time Judges serving the Family Courts. Twenty-two Judges serve both the Criminal and the Family Divisions in the more remote areas of the Province. Staff serving the Courts full time increased from 168 to 236 to the end of 1971. Authorized full-time complement in 1972 numbered 254 with an added detention/observation home complement of 84 employees.

One section of the report projects the anticipated caseload and administrative resources required thereby to 1978. A further section projects the administrative resources required in event jurisdiction of the Court were expanded to include such matters as adoption, divorce, matrimonial property, an increase in the age respecting juvenile delinquency, etc.

Developments in the law and the social sciences have continued. In order to maintain advanced expertise a special training program for Judges has been designed and will be initiated in early 1973. Similarly, the special role of staff in dealing directly with Court clientele, together with new administrative techniques, have instigated the development of a training program for Court Administrators. This will also commence in the early months of 1973.

Of a total of fifty-four Court offices, twenty-two have now instituted a program whereby the staff supervise maintenance accounts and initiate proceedings for the collection of arrears. Sixteen Courts have commenced a partial system of enforcement. The increase in the amount of payment collected on behalf of deserted wives and children is most rewarding. It is planned to develop a system of full enforcement of maintenance orders in all of the Courts in the coming months.

Work commenced on the design of a new modern detention and observation home for the City of London. The design will incorporate the most advanced principles of juvenile detention and observation and provide an opportunity for meaningful program planning in co-ordination with mental health diagnostic services. A new "residential" type of detention home was established in Sault Ste. Marie. Towards the end of 1972 negotiations commenced for the provision of a detention home of a residential type in Kingston.

The Rules Committee, under the Provincial Courts Act, spent many hours grappling with numerous difficult problems respecting administrative procedures with a view to developing uniformity of process and administration. In addition, it prepared a draft set of forms and rules of practice and procedure under the present Deserted Wives' and Children's Maintenance Act.

Improvement has continued in the techniques for the gathering and analysis of information. For example, a system of monthly reports from each Family Court has now permitted the development of a "trend" analysis. Monthly reviews thereof allow a distribution of resources and variation of procedures to meet changing needs.

The volume of work in the Provincial Courts (Criminal Division) particularly in the urban areas, is becoming very heavy and the Attorney General designated a committee composed of Chief Judge F. C. Hayes, C. M. Powell, Senior Counsel, R. H. Humphries, Registrar of Motor Vehicles and the writer, to look into alternative methods of trial and disposition for offences under provincial statutes and municipal by-laws. The Committee has made extensive inquiries with regard to the system used in other areas, has reviewed various publications concerning traffic courts and traffic laws, has surveyed and isolated the problems in this area and will be reporting to the Attorney General in the near future.

Our Associations again held study seminars, regional meetings and committee meetings throughout the year. Regional meetings are also being developed for the Court Administrators in the Provincial Courts (Criminal and Family Divisions). Mr. W. A. O'Leary, Training Officer in this Ministry, has been of great assistance in this regard. The following is a list of officers of the various Associations for the coming year:

The volume of work in our offices continued to increase and with the restriction on personnel the services rendered to the public were, I feel, of a very high calibre. The report of the Law Reform Commission on the Administration of Ontario Courts is expected shortly and may result in many changes in our court system. It may dramatically affect the present structure of our offices.

A number of changes in personnel during the past year should be noted. Seven appointments were made to the County Court Bench—J. L. Boland in York, K. H. Fogarty in Ottawa-Carleton, G. F. Gardner in Lambton, J. A. Winter in Elgin, C. Zalev in Essex, G. J. Sullivan in Wentworth and J. F. McCart in Middlesex. Judge M. J. Moriarity of Wentworth passed away and five judges retired—J. A. Sweet of Wentworth, J. F. McMillan of Elgin, H. D. Lang of Perth, J. C. Anderson of Hastings and E. W. Grant of Peel. Judge T. G. Zuber was appointed to the Supreme Court. Chief Judge A. O. Klein was appointed Crown Attorney for the Judicial District of York and was replaced as Chief Judge by F. C. Hayes. In the Provincial Court (Criminal Division) Judges J. R. Black of Halton, J. V. Fregeau of Kenora, and R. Vincent of Ottawa died during the year. Judges T. Y. Wills of Hastings, W. R. Kennedy of Simcoe, P. C. Bergeron of Cornwall and S. T. Bigelow, R. C. Taylor and P. J. Bolsby of Toronto, retired. The following judges were appointed—D. V. Latimer of Halton, J. L. Clendenning of Hastings, S. J. Nottingham of Kenora, W. F. Fitzgerald of Sudbury, B. Ryan and P. D. White of Ottawa-Carleton, and C. J. Cannon of Toronto. A Falzetta of Sudbury was appointed

Senior Judge in place of W. F. Woodliffe, retired. In the Provincial Court (Family Division) T. L. Docherty was appointed in Essex County, G. M. Thomson in Frontenac and S. J. Nottingham in Kenora. In the Sheriffs, Local Registrars group the following retired—G. R. Lee in Algoma, Mrs. J. Clements in Huron, J. W. Raine in Peel, W. R. Somerville in Simcoe and E. G. Scott in Victoria. Sheriff P. Upper was appointed in Algoma, F. Jewell in Huron, R. Lent in Peel, J. K. Maddox in Prince Edward, G. Pepper in Victoria and Mrs. M. Allcroft in Waterloo.
